SCHOOL YEAR

The school year is coming to a close! So let's make sure we are ending it with a bang and continuing to help out! You could...

- **Read to the elementary schoolers**
 - You could set up a volunteer event to read to multiple grade levels at the elementary school!
- **Contribute to a blood drive**
 - Whether it is giving blood, setting up a blood drive, or volunteering at one, there are many ways to help out at a spring blood drive near you!
- **Set up a donation drive**
 - There are so many programs to choose to donate to, all it takes is getting the word out there!

My Top Five For KLC

- ~ meeting new people
- ~ Growing as an individual
- ~ Becoming a better leader
- ~ Recreation
- ~ Let's be honest THE FOOD

WE'RE SO CLOSE

You're almost there!! Spring for my school is the busiest time of year so time flies. It's crazy chaotic but so much fun. If you ever get to feeling overwhelmed by the craziness don't be afraid to reach out. Remember we're all here to support each other and it's okay to ask for help!

KLC

KLC sign up is getting close to over and I know that many of you have already signed up. For many of you this will be your first time going and you're a little nervous. That's okay! I was too but I promise you have such a community behind you when you're there that you don't even remember being nervous

KLC CAMP

Attending KLC can be an excellent opportunity for the members of your club to enhance their leadership skills, build confidence, and make lasting connections with other students. Through workshops, group activities, and hands-on community service projects, students can develop valuable leadership qualities, such as communication, teamwork, problem-solving, and critical thinking. KLC also provides a safe and supportive environment for members to step out of their comfort zones and explore new ideas, perspectives, and interests. As if those weren't enough reasons, KLC is also a TON OF FUN. With activities like rock climbing, Banquet, and Fun Night you are sure to have a week to remember!

KAYAN COMES TO WICHITA

KAYAN (Kansas Association for Youth Alumni Network) is a community of former members of KAY who wish to continue their involvement and support of KAY's mission to develop youth leadership and community service.

On March 25, the KAYAN executive board met in Wichita for their quarterly meeting. While there they signed and addressed post cards of congratulations to graduating KAY seniors. We are thankful to have such wonderful role models to follow after! If you are a graduating senior please consider joining KAYAN and continuing to make a difference with your talents.

FINISH STRONG

As we approach the end of the school year, it's important that you wrap things up with your club and plan for next year.

Here are some ways to prepare:

- Reflect on what was learned and think about improvements for next year
- Complete all projects and activities for the year and turn in reports to KSHSAA for awards!
- Have a membership drive to bring in new members and fresh ideas
- Create flyers, social media posts, and announcements to spread the word about the club
- Elect new officers and leadership positions for next year
- Start brainstorming new service projects and activities for the club next year

And just a little tip, it's always fun to get everyone together to celebrate the past year's accomplishments (we're doing pizza ;)).
