New, as well as veteran sponsors will benefit a great deal by attending. Session objectives include, but are not limited to:

SKILLS – A sponsor's life is never dull. Through small group sessions sponsors will have the opportunity to share organizational tips, time management skills, and effective tips for multi-tasking and communication.

EDUCATION – Sponsors will have the opportunity to gain a better understanding about the KAY program—award & point system, leadership training experiences for students, tips for success with projects, etc.

RECOGNITION – Sponsors will be recognized for their dedication and service to the KAY program and understand that they have a tremendous opportunity to “make a difference” in the lives of others.

VISION – Sponsors will have the opportunity to offer suggestions for possible changes to the KAY program and gain a transparent understanding of the foundation and ideals of the KAY program.

EXAMPLE – Sponsors will understand the value of a positive example. Their enthusiasm and example will play a key role in the club's success or it's failure.
