

KANSAS STATE HIGH SCHOOL ACTIVITIES JOURNAL

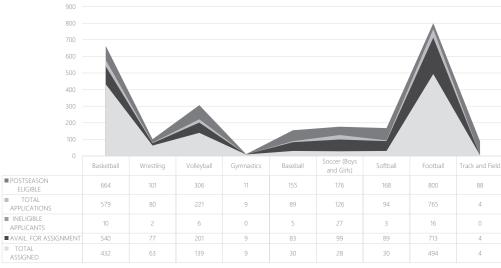

Spotlight on Officials

Here is a snapshot of what our numbers have looked like the last two years for registered officials with the KSHSAA. It is no secret our overall numbers continue to drop in nearly every sport. The second chart shows the postseason numbers for last school year. For example, only 37% of the total registered volleyball officials were eligible to work postseason.

_		
Average Age		
Ī	Baseball	48
ı	Basketball	45
ı	Football	46
(Gymnastics	56
	Soccer (Girls Only)	65
	Softball	53
•	Track & Field	61
١	Volleyball	51
١	Wrestling	40
(Overall	46

2018-19

Five years ago, schools and league commissioners began submitting names for our scholarship and mentorship program. The first year 11 ended up registering and numbers have improved since then. Once the official is registered they are partnered up with a mentor in that sport to help them along the way.
