**Come check out National Motivational/Leadership Speaker**

**HEATHER SCHULTZ**

**She will inspire students with two great messages:**

***Power Through and Live, Laugh, & Lead.***

Heather, from Atlanta, Georgia, has traveled the world sharing her message of resilience, embracing failure and taking control of your future. She's been a businesswoman since the age of 9 when she secured her first babysitting job! Always driven to work, Heather wore many hats throughout her career in retail, family business, fast food and the list goes on. She attended Central Michigan University where she finished her degree as a registered nurse. Heather has worked with HBO, appeared in People magazine and numerous television programs. She has spoken in 49 states and 7 other countries. Schultz has many talents. In high school she was a baton twirler where she caught the football field on fire and was asked to leave. She loves dogs and people...in that order. And by the way, she also loves Reese's Peanut Butter Cups!

Heather's keynote session *Power Through* will open your mind to overcome doubting yourself in facing challenges. Heather knows from experience that you do not have to be what happens to you, but rather you can be a collection of what you choose to be in each of those moments. *Power Through* is an authentic look at using a resilient mindset to overcome hurdles and become the best version of YOU!

*Live, Laugh & Lead* is a workshop only for people who like to laugh, interact, talk and never sit down! Positive leadership skills including communication skills, meeting others, introducing yourself and teamwork are explored and then practiced. This workshop is super fun and participants leave ready to use the leadership and life skills learned during this workshop.

You won't want to miss out on this opportunity! Heather promises to bring a powerful message and an upbeat energy to every conference. To learn more about Heather, visit her website at [www.heatherschultz.net](http://www.heatherschultz.net).
