# KSHSAA STUCO Workshop 20/20 VISION

## A LEADERSHIP PERSPECTIVE

**Emporia State University** | July 19-24, 2020

**ADVISOR BROCHURE** 

## What is KSHSAA Student Council Workshop?

The KSHSAA Student Council Leadership Workshop is a five and a half day experiential program for student leaders and elected student leaders, as well as student council members and/or emerging leaders. This workshop provides students opportunities to meet and exchange ideas with other student council members, learn about student council issues and discover their own leadership potential which will help to build a better world in which to live.

The Leadership Workshop also offers a special advisors' council for any advisor wishing to attend. Special sessions are held daily with the advisors' council to network with each other and share ideas, as well as learn new ones.

The STUCO Leadership Workshop has been rated as one of the best leadership training programs in the state. The curriculum focuses on the following leadership components: goal setting, organization, communication, meeting skills, leadership ideals, self awareness, group process and many other issues leaning toward whole development of student leaders.

## **Student Leaders are Our Primary Focus**

The workshop is designed for senior high students; therefore, junior high students may not attend. **STUDENTS** WHO HAVE PREVIOUSLY ATTENDED THIS WORKSHOP ARE INVITED TO RETURN ONE ADDITIONAL YEAR FOR ADVANCED LEADERSHIP TRAINING.

Students should be prepared to read, study, arrive at conclusions and make reports. The group sessions should be thought of as classes, and will be conducted as such. There will be plenty of time for fun, recreation and fellowship.

#### **All Advisors are Welcome!**

Advisors from both middle/junior and senior high schools are welcome to attend! They will meet as an advisors' group led by an experienced student council sponsor. Advisors attend general sessions, observe councils and plan some independent activities.

## **Our Staff**

Our workshop is conducted by student council advisors

whose combined years of service to student councils is over 250 years! They have firsthand knowledge of student council concerns which are unique to our state and are aware of "what's happening" in the nation. The staff is augmented by 16 "junior counselors" chosen from high school seniors who have served on their school's council and have attended this workshop.

Expertise brings our workshop out of the ordinary and into the extraordinary with outstanding individuals who make up our administrative staff.

# Key Points to Know . . .

The workshop will be conducted on the campus of Emporia State University. A map of the campus and further details of the workshop will be emailed to each registered delegate and advisor in late June. Most meetings will be scheduled in the Memorial Union.

Lodging for advisors will be at the Tri Sigma Sorority at Emporia State University. You will need to

bring your own bed linens. Meals will be scheduled for you in the Student Union. Soft drink machines, snack vending machines and order-in pizza are also available.

Activities, both academic and recreational, will be provided for all participants each day. An indoor olympics is scheduled for Monday night, and a formal banquet is something students look forward to on Thursday evening. Assemblies highlight the week. Councils, composed of approximately 20 students, meet several times daily to conduct business and

r you adding vided ched-thing ablies ely 20 s and open mic night, formal banquet and achievement night and friendly atmosphere.

prepare for the major activities of the week. A dance, open mic night, formal banquet and achievement night provide for a busy week. There's lots to learn in a fun and friendly atmosphere.

#### **REQUIRED:**

## **Registration Fees and Forms**

**The workshop fee is \$295 per delegate or advisor.** This fee includes meals, room, insurance, a T-shirt and all workshop materials.

**Submit the Reservation Form STU-3 and/or STU-4** with names of delegates, located on the KSHSAA Student Council website, and send the fee **on or before May 29, 2020, to the KSHSAA**. This will "reserve" a place for your school's student representatives. Form STUJ-4 is for junior high/middle schools, sponsor only.

Included on the Student Delegate Form STU-3 is the workshop Participant Commitment and Medical Forms which must be signed by a parent or guardian. These forms must be brought to the workshop when students register on Sunday. (Please do not email, mail or fax these forms.) The Participant Commitment and Medical Forms ensure the safety of all delegates and inform parents and delegates of the expectations of the workshop. The Medical Form is a parental consent release form for treatment and a brief medical history. A KSHSAA school physical is not necessary to attend the workshop. The forms may be printed from the KSHSAA website and they will also be emailed to registered delegates in late June.

In case of cancellations, no refunds can be made. Substitutions of the same gender may occur with permission of the KSHSAA. Should students find it necessary to send a substitute, the school advisor or principal should contact the KSHSAA. This avoids confusion and hard feelings. (NOTE: Pre-workshop financial obligations prevent the refunding of camp fees.)

## **Registration and Check-In**

**Registration and check-in will be Sunday afternoon between 12:30 - 2:30 p.m.** in the main lobby of the Towers Complex. Room assignments will be made and door keys will be checked out at the time of registration. **Delegates from the same school will be assigned to different rooms, so please do not pack together!** 

## **What Should Students Bring?**

To make the workshop experience fun, yet productive, we would like to make some suggestions. We request you bring your student council's Constitution and Bylaws. Also, bring along pens, pencils, paper, a notebook, and include envelopes and stamps.

You will probably want to bring comfortable athletic clothes too. All rooms are air-conditioned. Sports attire will be needed for activities like indoor olympics and the Sunflower Derby. Have some fun packing for the dress-up banquet on Thursday night! A suit or sport coat and tie for guys and a formal or party dress for girls. This might be a great opportunity to wear your prom dress again!

You will need to pack ALL bed linens including a pillow and a blanket for your dorm room. Add to the list your usual personal toilet articles, washcloth, towels and soap. You will also need hangers, a robe and an alarm clock.

You will need some spending money for vending machines (snacks and soft drinks), pizza, council photographs, or additional STUCO merchandise. Most delegates bring approximately \$50-\$100 for their personal expenses.

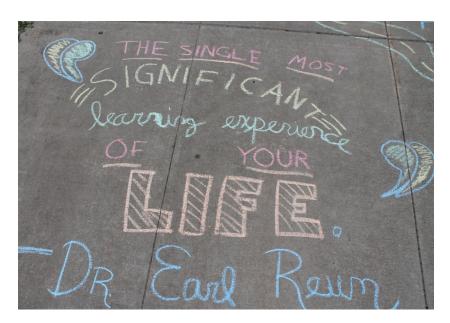

## **Our Expectations**

The workshop is a closed campus. Students who drive cars to the workshop may park them in the parking lots adjacent to North and South Towers. Car keys must be checked in during registration. Requests for permission to drive must be referred to the workshop director. Schools have sole responsibility for delegates' travel to and from the conference. Early arrivals are not permitted.

Orientation and the first general session will be held Sunday afternoon and evening. Our first conference meal is Sunday evening dinner. **Please eat lunch prior to arrival for registration.** All delegates should be in attendance for an impressive opening to an unforgettable week!

The workshop concludes before the noon meal on Friday. We strongly recommend students plan to be in attendance at the workshop for the entire period, Sunday afternoon until Friday noon. Occasionally, students have felt called on to leave because of previous commitments. When this happens, the council of which they are a part has been caused undue problems and additional schedule changes. Schools are encouraged to send those students who can commit themselves for the complete workshop. Under no circumstances are delegates released without parental contact and approval.
