“LEADERSHIP MANIA”

The National Association of Student Councils with Wayzata High School in Plymouth, Minnesota and the Minnesota Association of Student Councils will hold the 82nd NASC National Conference June 25-27, 2018.

Since 1931, the NASC has fostered the goal of helping young men and women from around the globe become strong and effective leaders now and for the future. NASC has helped nurture and foster the idea of responsibility, integrity and leadership in thousands of young people. Wayzata High School is proud to host hundreds of the world's best and brightest student council leaders.

The Plymouth community will open their hearts to the student delegates during the conference with special activities. Through conference workshops, activities and general sessions, Wayzata High School will prepare the participants for their ultimate lifelong role: to lead this nation forward and create a better world in which to live.

Wayzata High School welcomes the world to its doorstep in 2014 and they have a great deal planned for both students and advisors. So meet them in Plymouth, Minnesota this June for “LEADERSHIP MANIA!”
