Required Meetings and Examinations

1. **COACHES**
   Head high school and head middle/junior high coaches must successfully complete the 2019-20 NFHS Wrestling Exam Part I and score 90% or better on the exam. Coaches who do not achieve a 90% score will be required to take the KSHSAA Part II wrestling exam. Coaches failing to successfully complete the KSHSAA Part II exam will have their school’s name published in the *Activities Journal*.

2. **OFFICIALS**
   All must complete the 2019-20 NFHS Wrestling Exam Part I. Only those officials scoring 90% or above on the exam are eligible for assignment to regional or state tournaments. There is no makeup exam for officials scoring less than 90%.

3. **EXAM SUBMISSION**
   Coaches and officials are to submit their answers to the 2019-20 NFHS Wrestling Exam Part I online. Instructions to access and submit answers were mailed to all schools and were inserted into all officials' packets.

### Officials Area Supervisor Meetings

Unless otherwise listed, all meetings begin at 7 p.m.

1. **Area supervisors** conduct two meetings during the season, Series 1 and Series 2. Officials seeking assignment to regional and state tournaments must attend a Series 1 and a Series 2 meeting.

2. If an official **cannot attend** an area supervisor meeting due to emergency, illness, job/employment duties or family responsibilities, they may request permission from the KSHSAA to make up one meeting. Such request will only be accepted if submitted in writing to the KSHSAA, and it must be sent within one week of the missed meeting. Each request is evaluated on its own merits.

3. Area supervisor meetings are designed to further enhance officials’ understanding of NFHS rules, their application, mechanics of officiating, etc.

### Assignment of Officials to Regional and State Tournaments

In order to be assigned to a regional or state tournament, an official must fulfill the following requirements:

- Attend the online wrestling rules meeting, and
- Score 90% or higher on the 2019-20 NFHS Wrestling Test Part I, and
- Attend both a Series 1 and Series 2 area supervisor meeting, and
- Have received recommendations for postseason assignment from KSHSAA member schools, league commissioners and area supervisors, and
- Submit an application for postseason assignment.

Officials should not solicit recommendations from schools for postseason assignments. Prior to a competition, officials should provide to each head coach a card with the official’s name and city of residency, date of match/tournament and level of competition. This card should be retained by the school for information as they consider their recommendations.

### Regional and State Tournaments

Regional tournament assignments will be posted on the KSHSAA website using the following path - [www.kshsaa.org>Activities>Wrestling>2019-20 Regional Assignment Information](http://www.kshsaa.org).
Specific information regarding the weigh-in process for regional and state tournaments will be included in the 2019-20 KSHSAA Wrestling Manual.

Specific information regarding state tournament qualifiers is also included in the Wrestling Manual.

**Regional Tournament Dates**

Girls - All Classes  
Saturday, February 15, 2020

Boys - All Classes  
Friday and Saturday  
February 21-22, 2020

Selection of regional host sites will be based on the following guidelines as set by Executive Board policy:

- Rotation of assignment as host site from those schools requesting to host;
- Assign, as nearly as possible, an equal number of schools per site;
- Attempt to combine schools within a geographical area to minimize travel;
- Seating capacities for fans/spectators;
- Past history of hosting – experience, expertise.

**Hydration Assessments**

All high school wrestlers participating in interscholastic wrestling will conduct a hydration assessment prior to their alpha weigh-in and prior to their certification weigh-in.

Details concerning the hydration assessment protocol/procedures are explained in the 2019-20 KSHSAA Wrestling Manual. (Information will also be available at each KSHSAA wrestling rules meeting.)

The hydration assessment is important with the sport of wrestling. When questions arise, contact the KSHSAA directly.

Don’t rely on information gained from others – which might not be totally correct or may be taken out of the original context of the question.

The KSHSAA is preparing nutritional information and will forward it to every KSHSAA member school (MS/JH and HS). Since weight and weight management are central components in the sport of wrestling, it makes sense to use our sport as one of the avenues to disseminate nutritional information that can be utilized by all students. When this information arrives, share it with others on your staff. Everyone benefits from a healthy lifestyle, which combines exercise, weight management and wise nutrition decisions.

Middle school and junior high wrestlers are not required to have hydration assessments during the season. But providing them information about appropriate hydration levels during the season is recommended and will assist them in a healthy approach to weight management.

**Wrestling Reminders (NEW)**

**Middle School/Junior High Weigh-Ins**

Check Section 2.J.1 of the 2019-20 KSHSAA Wrestling Manual for clarification as to the options at this level.

**Senior High School Weigh-In Process (NEW)**

The KSHSAA Executive Board revised and passed the process to follow NFHS Weigh-In Guidelines. This decision was not made lightly, as the factors of safety, weight-class accountability and being compliant with NFHS guidelines led to the decision. Therefore, the board made the decision to act and change the policy for the 2019-20 wrestling season.

**NFHS Rule 4-5**

**Article 1:** Contestants of the same gender shall have the opportunity to weigh-in, shoulder-to-shoulder, a maximum of 1 hour before the time a dual meet, or a team’s first competition each day in a multiple dual-meet event is scheduled to begin. When a preliminary meet is followed by a varsity meet, weigh-ins may, by mutual consent, precede the preliminary meet.

**Article 2:** Contestants of the same gender shall have the opportunity to weigh-in shoulder-to-shoulder or by team(s) at the tournament site a maximum of two hours before the first session of each day.

**Article 3:** For any event, all contestants shall be present in and remain in the designated weigh-in area at the time established by the meet administration. Contestants shall not leave the designated weigh-in area unless permission is granted by the meet administration. Dual meet weigh-in shall proceed through the weight classes beginning with the random draw selected weight class, continue through the weight classes, wrap around to the 106-pound weight class (101-pound for Kansas Girls) and end immediately upon the completion of the highest weight class preceding the random draw selected weight class. When all wrestlers for a weight class have had an opportunity to weigh in and the next class is called, that weight class is closed. Tournament weigh-in may proceed by team(s) with the lowest weight class to the

Middle/Junior High Items
KSHSAA Rule 44 sets competition limits for individuals
involved in wrestling. Section 3 of Rule 44 sets forth the
limitations for middle school/junior high students. All 9th
grade students (whether attending traditional 9th-12th grade
high schools or those in 7th-8th-9th grade models of junior
highs) have an 18 event/30 competition point limitation dur-
dergular season.

Seventh and eighth grade students have an eight event/18
competition point limitation for their season.

The KSHSAA Executive Board has approved a policy which
permits KSHSAA member middle and junior high school
students to weigh-in for competition at any one of the fol-
lowing times:

• At the student’s school following the conclusion of school
or following a school team practice on the day preceding
the school team competition OR
• Prior to the start of school at the student’s school on the
day of competition OR
• At the competition site.
• All students should participate in the same weigh-in.

Middle and junior high leagues are encouraged to establish
a league adopted weigh-in provision within the options
provided in order to establish consistency for the weigh-in
process within their league.

The KSHSAA Executive Board has decided to continue the home
site weigh-in option for regular season competitions for
the first day of regional tournaments for several reasons:

• A belief by the board that the home site weigh-in provides
a more conducive learning environment during the school
day for the student-athletes participating in wrestling;

• An appreciation for the distance that some teams travel
for competition and the resulting loss of instructional
time if all weigh-ins were conducted in compliance with
NFHS rules;
• A belief that KSHSAA member school athletes are not
being placed at a competitive disadvantage as a result
of the current weigh-in provisions;
• A belief that KSHSAA member school coaches are practic-
ing and following healthy weight management programs
for students participating in interscholastic wrestling.

KSHSAA member school coaches and students are reminded
that unhealthy weight management programs which permit
rapid and significant weight losses will force a re-evaluation
of the KSHSAA weigh-in program.

Students in the age range of 7th-12th grade are in the period
of their life when significant growth occurs. They are also in
an age range when lifestyles and health patterns are being
developed. It is very important for long term healthy lifestyles
of these students that they participate in a program that will
encourage and develop sound, healthy weight management
ideas and practices.
