KSHSAA and its member schools welcome you!

The senior high schools in Kansas, through the Kansas State High School Activities Association, welcome you to the State Basketball Championship Tournaments.

We wish to acknowledge the tournament managers and staff, newspapers, radio and television stations and various civic groups for their cooperation in conducting and promoting these important high school events. Without their commitment to serve youth, this event could not take place.

The basketball tournament series is one of the highlights of a high school year and attracts the interest and attendance of more people than any other athletic series in the entire state. Your continued support of these tournaments not only makes an educational experience possible for the participants, but also financially contributes to the support of non-revenue high school activities.

We ask your cooperation in maintaining high sportsmanship standards and in helping member schools realize their ambition for the most successful tournament in the Association's history.

EMPORIA STATE
UNIVERSITY

The Kansas State High School Activities Association

Serving Kansas' Schools and Students

What is the KSHSAA?

A private/non-profit association of accredited member schools, whose purpose is to administer a program of interscholastic activities, festivals, clinics and contests among member schools. The KSHSAA offers state championships in 14 boys and girls sports, and ten additional championships in music activities, debate, speech and drama, spirit (cheer and dance) and scholars bowl. Of particular importance are efforts to elevate standards of good sportsmanship and to encourage growth of good citizenship among students and spectators.

Who makes up the KSHSAA?

The Association is comprised of 356 senior high and 405 middle/junior high member schools. Member schools must be accredited by the KSDE and are both public and private schools.

What is the history of the KSHSAA?

The Kansas State High School Activities Association was formed in 1937 and incorporated in 1956. As early as 1910, Kansas schools organized the statewide Debate League and Athletic Association governed by high school principals. The Athletic Association started as a small voluntary group of fewer than 50 schools and grew to more than 500 schools by the 1920s. Out of necessity, member schools adopted eligibility and participation rules and established authority for a Board of Control to assess penalties against schools for violations. In 1927 the Board of Control employed the first full time Executive Secretary. To date, seven individuals have served as Executive Director.

What are Classifications?

Each September the KSHSAA collects student enrollment data from member high schools for grades 9-12. The total enrollment count of each school is listed in descending order of all member high schools. The largest 36 schools are classified as 6A, the next 36 are 5A, the next 36 are 4A, the next 64 become 3A, the next 64 are 2A and the remaining schools are classified as 1A. The 1A schools compete in two division (Division I, larger schools and Division II, smaller schools) during the postseason for volleyball, basketball and scholars bowl. New enrollment counts are obtained each year and schools are reclassified accordingly on an annual basis. Football is an exception as this sport is classified on a two year cycle based on enrollment counts of grades 9-11. The football classifications are also structured differently than the general classifications.

How is the KSHSAA structured?

The Association has a three-branch system of governance. The Executive Board (9 to 14 members) meets six times annually and is charged with making policy, conducting hearings and managing the affairs of the organization. Legislative authority to make rules and bylaws changes is vested in the 70 plus member Board of Directors. Members are school administrators, educators and local board of education members from throughout the state. Two members of the Kansas State Board of Education also serve, and the Governor appoints four members in order to gain more diversity. The Appeal Board acts as an impartial hearing panel in matters pertaining to rule interpretations.

How does the KSHSAA keep schools and communities informed?

The Association distributes a quarterly publication, the *KSHSAA Activities Journal* which is circulated to all member school administrators and coaches, school district superintendents and registered officials. The KSHSAA also communicates via various electronic mediums including the Association's website at www.kshsaa.org, email notifications and multiple social media platforms. Follow us on Twitter, Facebook and Instagram.

Is Kansas different from other states?

Yes and no. Every state has an athletic or activities association. Kansas is unique in the range of activities offered. The KSHSAA oversees Student Council programs and has a service/leadership program unlike any other in the nation. The Kansas Association for Youth (KAY) is active in more than 150 schools. The KSHSAA is only the second state association in the country to establish a student advisory team, comprised of a boy and girl from two schools in each of the six classes. This group gives direct student input to the staff and Executive Board. Through summer leadership camps in KAY, Student Council, and spirit and dance activities, the KSHSAA has more direct contact with students than any other state association in the nation.

Member of the National Federation of State High School Associations (NFHS)

Academics + Activities = Curriculum Partners

WHY HAVE STUDENT ACTIVITIES? In the last few years the value of high school activities has been questioned. Let's set the record straight as to what high school activities are all about. First of all, they are not a separate part of our overall education program but an integral part of it. A good, well-rounded education means not only one that is academically oriented, but one that also includes physical, social and emotional development. These are available through a good school activities program.

Activities are a citizenship laboratory—Participation in activities encompasses all races and creeds, and teaches a student that it is a privilege and an honor to represent his or her school. Students learn that activities are important because they show a person how to win, and how to lose. Activities teach self-confidence, poise, respect for the rules and good sportsmanship. Through participation in activities, students learn tolerance and understanding for people and how to control their emotions. They also learn the self-satisfaction of accomplishing a goal.

Interscholastic activities constitute a part of the right kind of "growing up" experiences for American boys and girls. Youth are interested in doing things well—in belonging—in displaying loyalty. With a well administered school program, students and spectators become better citizens through participation and observance of activities conducted under established rules impartially administered.

Activities encourage physical and mental excellence—Documented reports and statistics from the high schools of Kansas continue to show the "holding power" of activities programs. Those students engaged in any phase of the extracurricular program show a drop-out rate far below that of the uninvolved student. Over 90 percent of those students who drop out of school at the senior high level have never been involved in any activity as representatives of their school!

Grade point averages of students in athletics, speech, music, cheerleading, club programs, etc., rank well above those students who choose not to participate. Interestingly enough, the statistics point out "the more participation the better the GPA!"

The loss of school instructional time, documented by reports from member schools, clearly shows students miss more instructional class time for family vacations, medical reasons, parental excuses, vocational activities, etc., than they do for all KSHSAA-sponsored school activities combined.

Activities reach out to the community—Activities in our Kansas schools will be as good and as sound as those who administer and support them. Rules and regulations are valueless unless they are embedded in the "grass roots" of the local school and community. The underlying philosophy of interscholastic activities presupposes these rules and regulations are for the good of the students themselves—just as are the other phases of the educational program—and that is the way the citizens of Kansas want them to be.

Kansas State High School Activities Association
2021 GOVERNOR'S AWARD

presented to

Randy Watson of McPherson

Annually, the Kansas State High School Activities Association presents the KSHSAA Governor's Award recognizing one individual for outstanding contributions in the field of secondary education in Kansas. We are pleased to announce Randy Watson, McPherson, has been selected as the 2021 KSHSAA Governor's Award recipient.

The KSHSAA Governor's Award Selection Committee is comprised of the presidents of the Kansas National Education Association, Kansas Association of School Boards, Kansas Principals Association, United School Administrators, and the Kansas School Superintendents' Association.

Hailing from Coffeyville and graduating from Field Kindley High School in 1977, Randy Watson began his career as an instructor and coach for Tescott (1981-84) and Andover High Schools (1984-87). In 1987 he moved to Concordia High School to become the assistant principal and athletic director and took on the role of principal from 1990 to 1993. Watson then became the assistant superintendent for curriculum and instruction for McPherson USD 418, a position he held until 2005 when he was promoted to become the superintendent of schools. As superintendent for McPherson, Watson led the 2013 successful bond issue election for remodeling and expansion of schools; developed programs for college, career, and high achieving students; began a charter school and technical programs for non-traditional learners; focused on learning groups and literary improvement plans for all grade levels; helped to create district staff development programs; and increased district use of technology with a comprehensive plan.

During his time as a school administrator, Watson also served as adjunct professor in curriculum and instruction, first at his alma mater Kansas State University from 1992-2005 and at Wichita State University from 1999-2009. Using his personal interest and background in leadership, Watson became an assistant professor for educational leadership at KSU from 2003-2006 where he designed and implemented the leadership academy for administrators and teachers, and in 2012 he taught leadership in action courses for Baker University.

In 2015, Watson was selected to serve as the Kansas Commissioner of Education, a position he presently still holds. During his time as Commissioner, Watson has developed a new vision for Kansas Education; authorized task forces to address bullying and teacher vacancies; and is currently managing a group to oversee federal Covid-19 relief money.

Please join the member schools of the KSHSAA in congratulating Randy Watson, a Kansan making a difference in his state and the 2021 KSHSAA Governor's Award honoree.

2021 OSCAR STAUFFER AWARDS

Presented annually by the Kansas State High School Activities Association, the Oscar Stauffer Awards recognize excellence in the fields of sportswriting and sportscasting. They acknowledge meritorious service through coverage of interscholastic sports programs in Kansas. Nominations for the sportswriter award were made by the high schools of Kansas, and the selection was made by the Executive Committee of the Kansas Coaches Association. Sportscaster award applicants submit play-by-play tapes for evaluation. A special committee representing the Kansas Association of Broadcasters selects the honoree.

Kansas State High School Activities Association

Hall of Fame

Each year the KSHSAA recognizes OUTSTANDING KANSANS who have made outstanding contributions in interschool activities, either as a student with exceptional talent, or as an adult working with youth (such as an activity coach, director or sponsor, an administrator, an official or a contributor). Hall of Fame inductees are no longer active in the field for which they are nominated (exception: contributors with 30+ years of outstanding service may be nominated). Each individual/family is honored and presented their Hall of Fame plaque at various KSHSAA state functions, championship activities, or at a function of the individual's choosing.

Each year schools and communities across Kansas submit nominations of individuals who have made tremendous contributions in the field of interscholastic activities. This year, five award recipients have been announced.

2021 KSHSAA Hall of Fame Inductees Honored

The following individuals were chosen from nominations sent to the selection committee. Additional information and statistics regarding the recipients are available at the Hall of Fame. The Hall of Fame is housed at 601 SW Commerce Place, Topeka, KS and is open weekdays during business hours. The entire KSHSAA Hall of Fame is now available in digital format at the KSHSAA Gallery of Champions website (www.kshsaachamps.org).

Shane Cordell, Faculty

Award Presentation: Saturday, May 29, 2021, KSHSAA State Track & Field Meet, Wichita State University-Cessna Stadium

Little River's Shane Cordell is the first Kansas football coach to play and win a state championship (1970 and 1971) and then coach his alma mater to a state championship. In fact, he captured three football titles (1981, 1996, 1999) out of seven state championship appearances. In 29 years at the helm of the Indians football program, he amassed a record of 204-94 and was named the 8-Man Coach of the Year in 1997.

Cordell's coaching talents also produced incredible success on the hardwood. In 34 years as the girls head basketball coach, the Lady Indians earned four straight state championship titles (1995, 1996, 1997, 1998) in addition to garnering three consecutive undefeated seasons and producing a 91-game winning streak. Cordell's teams made 14 trips to the state tournament and played in five championship games. All told, his basketball coaching record is an amazing 604-225 (.729). A member of the KBCA Hall of Fame, in recognition of his service and dedication, the basketball court at Little River High School is named after Cordell.

Cordell's state titles continued in track and field. As the head girls track coach, his teams earned championship titles in 1979 in both the indoor and outdoor state meets.

Coach Cordell was a phenomenal coach. A meticulous planner and motivator, he was passionate about developing young people. He expected their best efforts and they responded. When he spoke, everyone listened. Parents wanted their kids to grow up and play on his team because they knew he would mold them into better human beings. While he won many games, winning did not define him. He never let wins and losses drive his passion. Every day he modeled organization, preparation and being a good person. His players learned about leadership and living a life of integrity from Coach Cordell. His programs were the lifeblood of the community.

As good a coach as Shane Cordell was, he is an even better man and has left a legacy that won't be matched.

Gary Musselman, Administrator

Award Presentation: Saturday, May 29, 2021, KSHSAA State Track & Field Meet, Wichita State University-Cessna Stadium

Ness City native, Gary Musselman, served Kansas students and the membership of the Kansas State High School Activities Association for 30 years – eight years as an Assistant Director and 22 years as the Executive Director, the longest in Association history.

During his tenure as the Executive Director, some of the numerous initiatives implemented were: Student Advisory Team (second state in the nation to do so); Officials Recognition Program; Sports Medicine Advisory Committee; League Commissioners Summit; Officials Advisory Committee; Game Day Spirit Showcase Competition; Spirit of Sport and Heart of the Arts recognition in Kansas; interscholastic girls soccer and boys and girls bowling; eligibility requirements for virtual students; adopted policy-setting criteria for participation of transgender students; student broadcast productions; the addition of a communication director; creation of the KSHSAA Gallery of Champions.

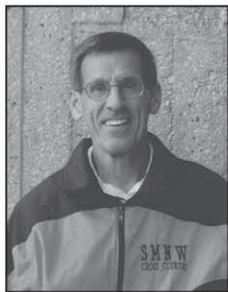

Musselman directed and oversaw KSHSAA's efforts to design, build and finance construction of its new office building (opened in 2002) without burdening member schools with any financial responsibility for the project.

Musselman has been a true advocate for students and schools, not only in Kansas, but for the entire nation. He was an active supporter of the National Federation of High Schools (NFHS), serving on various committees (Appeals Board, Strategic Planning Committee three times, Target Advisory Committee, Marketing Committee, Football Rules Committee, and a special committee to reduce head injury risk and overall risk minimization in football). He served on the Board of Directors, and in 2016-17 he became the first Kansan to serve as the President of the NFHS.

The Kansas State High School Activities Association, the state of Kansas and most importantly, the students of Kansas, have been direct beneficiaries of Musselman's work ethic and vision.

Van Rose, Faculty

Award Presentation: Friday, May 14, 2021, Sunflower League Track & Field Meet, Olathe District Athletic Complex

Van Rose is one of the most iconic, yet humble, coaches to impact generations of athletes in the state of Kansas. His focus on hard work, persistence and preparation built on a foundation of strong character elevated his Shawnee Mission Northwest cross country and distance track programs to a most elite level.

During a span of 50 years, he had an immeasurable impact on SMNW students, athletes, their parents and the community. The SMNW boys teams captured 21 KSHSAA state championships, more than any school in Kansas and 12th most in the United States. Of these titles, 14 championships were consecutive (1994-2007), the fifth longest streak in the U.S. All told, the boys team has been first, second or third at the state meet a total of 30 times in school history. In addition, eight runners were individual champions with two taking home the gold more than once.

The SMNW girls team enjoyed success as well, winning 13 KSHSAA state titles, more than any other school in Kansas. In the 1990s the Lady Cougars won six of 10 state titles, and in the Coach Rose era they placed first, second or third a total of 21 times. Six of his runners earned individual champion honors and three were repeat champions. For both programs, a SMNW cross country runner finished second through fifth at the state meet 37 times.

The SMNW cross country success continued in the Class 6A Sunflower League competition. The boys have earned 25 league titles and the girls have taken 14 league titles since competition began in 1977. As an assistant track and field coach working with the distance runners, Rose's athletes earned 26 individual state championship medals. Seven athletes won two or more gold medals, and one continues to hold the 6A girls record in the 1600m and 3200m as well as fastest all-time 3200m runner.

Coach Rose has received numerous Coach of the Year honors - four KCA (Kansas Coaches Association) and four KCCTFCA (Kansas Cross Country Track & Field Coaches Association).

Jacque (Struckhoff) Stedman, Student

Award Presentation: Saturday, May 29, 2021, KSHSAA State Track & Field Meet, Wichita State University-Cessna Stadium

From the fall of 1979 through the spring of 1983 Jacquie (Struckhoff) Stedman lived, loved and excelled in her high school experience at Grinnell High School. As a student she embraced the opportunity to participate in three sports, was a member of numerous activity programs and still managed to excel academically, graduating with a 4.0 GPA.

While a three-sport athlete all four years of high school, Jacquie was a valuable member of the Grinnell Warriors volleyball team, which captured Class 1A KSHSAA state championships in 1982 and 1983 and finished third in 1981. The basketball team experienced similar success at the state level, taking the Class 1A runner-up finish in 1982 and placing third her senior year, when she was also named to the all-tournament team. Jacquie averaged 10 points and 10 rebounds her junior year and 11 points and 12 rebounds her senior year. Both seasons she was selected to the Salina Journal's all-area team and was selected to the Liberty League's first team her senior year. Both seasons the Warriors basketball team received the KSHSAA Sportsmanship Award.

In track and field, the Lady Warriors captured three state titles and a runner-up finish Jacquie's sophomore year. She took the gold her junior and senior years in the 800m and 1600m runs, setting a record in the 1600m as a junior which still stands today. Her senior year she collected a gold medal in the 3200m and set a record, which also still stands. Jacquie's track career continued at Kansas State University, where she was an eight-time gold medalist at the Big 8 Championships and continues to hold the schools 10,000m and 2-mile records. She is a four-time NCAA DI All-American (twice in cross country and twice in track). In 1988 she participated in the Olympic Track & Field Trials in the 10,000m run. She continues to be an avid runner, having participated in the Boston and Dallas Marathons.

Jacque was a remarkable example of not only a student-athlete but also an all-around student, participating in band, pep club, student council, scholars bowl, and math and science relays. She was recognized as a State of Kansas Scholar and received the KSHSAA Citizenship Award.

Kim Tennial, Faculty

Award Presentation: Tuesday, September 28, 2021, Centralia High School Volleyball Match, Centralia HS Gymnasium, Centralia, KS

To say that Centralia High School and Coach Kim Tennial dominated Class 1A volleyball is putting it mildly. During 19 years at Centralia, Kim and her Lady Panthers volleyball team posted a record of 582-47 (.926) and made 17 state tournament appearances, winning nine Class 1A state titles with a state record of eight in a row (1997-2004). During this span the team compiled an amazing record of 311-11 (.966). They had three undefeated seasons (1997, 1999, 2000) and posted a winning streak of 126 matches.

Prior to and after her time at Centralia, Kim coached at three different high schools and took all to the state tournament – Quinter, one state appearance; Dawson-Verdon (NE), four state appearances; and Elmwood-Murdock (NE), one state appearance. Her overall high school volleyball record is 788-145 (.845). In addition, she coached middle school volleyball for four years at Dawson-Verdon, 11 years in Centralia and four years at Winfield Middle School. She also coached basketball and track & field.

As an educator Kim was dynamic and effective. She set high expectations for her students and herself. The lessons she taught in the classroom and on the court far exceeded the book learning aspect. Coach Tennial instilled accountability and confidence in her students/players and taught them to problem-solve and work for a solution, to never give up. Twice, the Centralia schools nominated her for Kansas Teacher of the Year.

Coach Tennial was recognized by the Kansas Volleyball Association as the Class 1A Program of the Year four times (1994, 1997, 1998, 1999) and the overall Kansas Coaches Association Coach of the Year in 2000. The Women's Sports Foundation recognized her as the National Coach of the Year in 2000. In addition, she has been inducted into the Kansas Volleyball Association Hall of Fame (2014) and the Southwestern College Athletic Hall of Fame (2019).

Coach Kim Tennial attacked each day with such conviction and enthusiasm that as an individual, a school and a community you couldn't help but be impacted by her positive spirit. There is a saying that "A good coach can change a game; a great coach can change a life." That she did.

The KSHSAA Hall of Fame includes five categories: Administrator, Faculty, Official, Student and Contributor.

Hall of Fame Member Statistics:

Administrator - 50 (17%)

Contributor - 8 (3%)

Faculty - 129 (48%)

Officials - 23 (9%)

Student - 64 (23%)

2021 = 270 Inductees [221 Men (82%), 49 Women (18%)]

Nominations for the KSHSAA Hall of Fame Class of 2022 must be received at the KSHSAA no later than the first business day of November. Please see online information for more details.

**Check out the KSHSAA Gallery of Champions website
at www.kshsaachamps.org!**

What you can find here:

- KSHSAA Hall of Fame
- State Championship Team Photos & Rosters
- Historical Archive of KSHSAA Postseason Results
- State Records

And..... many more accomplishments of amazing Kansas educators and students who have made significant impacts through the years in high school sports and activities.

Nominations for the Hall of Fame

Do you know someone associated with Kansas high school activities who possesses the criteria listed below and is deserving of Hall of Fame recognition?

Hall of Fame Categories

Administrator	Principal, Superintendent, Athletic Director, Activities Director
Faculty	Coach, Sponsor, Director of an Activity
Official	KSHSAA Registered Official/Judge, Adjudicator in interscholastic activities
Student	Student achievement in interscholastic activities; must be graduated from high school 5+ years
Contributor	One who has contributed to interscholastic activity programs in some capacity other than the previously mentioned categories.

Hall of Fame Criteria

- Nominee must exemplify highest standards of sportsmanship, citizenship, ethical conduct and moral character.
- Nominee must have demonstrated OUTSTANDING and exceptional abilities in nominated category.
- Nominee must have made a contribution in Kansas high schools in the nominated category.
- Nominee will be judged on their significant and/or long term contributions in interscholastic activities.
(NOTE: Longevity, without meaningful impact, does not constitute appropriate credentials for Hall of Fame consideration.)
- Nominee may not be currently active in nominated category (exception = contributor with 30+ years).
- Nominee may not nominate himself/herself.

How to Nominate a Candidate

1. Secure a Hall of Fame brochure from the KSHSAA (www.kshsaa.org – login on the school site and go to entry forms/special forms) OR email cgleason@kshsaa.org. Complete information on page three of the brochure.
2. Provide information about your nominee specific to the category nominated (see brochure for info).
3. Request a maximum of six letters of recommendation for your nominee. One letter must be from the nominator. Letters should be from varied sources and speak to the nominee's moral character, achievements, leadership and citizenship.
4. Provide a small photo of nominee. Provide newspaper articles (optional).
5. DEADLINE FOR NOMINATION MATERIALS TO REACH THE KSHSAA IS THE FIRST BUSINESS DAY OF NOVEMBER. In order to insure that all materials are secured, it is suggested that the nominator collect all items and mail in one envelope.
6. It is never too early to begin the nomination process for those you would like to have considered for this prestigious honor. You are encouraged to begin this process now!

Please see the KSHSAA website for a complete list of Hall of Fame members.

Kansas State High School Activities Association

Mission Statement

Adopted September 2009

The Kansas State High School Activities Association (KSHSAA) serves students by providing leadership for the administration of education based interscholastic activities.

Belief Statements

We believe...

- Member schools are the Kansas State High School Activities Association (KSHSAA).
- The KSHSAA is a student-centered organization.
- The KSHSAA is the recognized state authority on interscholastic activity programs.
- Our Association is strengthened by equity and diversity.
- Each school choosing membership in the KSHSAA is equally important and has a direct voice in governing the organization.
- KSHSAA is best governed by representatives of the member schools and its affiliated organizations.
- Each KSHSAA sponsored activity is equally important.
- Student participation in interscholastic activity programs and competitions is a privilege.
- Participation in interscholastic programs promotes student academic achievement.
- Interscholastic activity programs promote positive school/community relations.
- Safety, quality and fairness in interscholastic activity programs are essential.
- Fiscal responsibility by the KSHSAA benefits member schools.
- Participation in interscholastic programs promotes good citizenship, improves life skills and builds character.
- Honesty, integrity and sportsmanship are the fundamentals upon which all interscholastic programs are built.
- All professionals that are in contact with students should be knowledgeable and properly trained.

Good Luck!

Win State!!

Galena High School

Your host city of Manhattan wishes teams
and fans a successful tournament!

A black and white photograph of a basketball court. In the center, a basketball hoop and backboard are visible, silhouetted against a background of bright, out-of-focus arena lights that create a bokeh effect. The court floor is dark, and the overall atmosphere is that of a professional or high-level sporting event.

WELCOME TO *Manhattan!*

A close-up, black and white photograph of a basketball. The ball is the central focus, showing its characteristic pebbled texture and the curved lines of its panels. It is positioned on a basketball court, with a white arc of the key visible in the background.

REACH FOR *The Sky*

BE YOUR WEST

When you think Dodge City, you probably think of Wyatt Earp and Doc Holliday. Shootouts and Saloons. The general stores to wide open spaces to explore. In Dodge City, Kansas, the legend of the old west still lives on, partnered with the new west just waiting to be discovered. From the Longhorn Cattle Drive to the Long Branch Saloon to the Long Branch Water Park, the days in Dodge City are long on fun.

WE SAVED THE WEST FOR YOU!

Kansas State High School Activities Association

Rule 52

The Kansas State High School Activities Association, through its member schools, defines sportsmanship as those qualities of behavior which are characterized by generosity and genuine concern for others.

- - -

The excitement of a game can create potential concerns for fans, students and officials. Citizenship/Sportsmanship Rule 52 addresses this by stating:

**“Win with
character & lose with
dignity.”**

Fans and students are asked to stay off the playing surface for reasons which include:

1. Safety
2. Allows time for positive interchange between the players and coaches
3. Avoids confrontation between exuberant fans and downhearted players and fans of the defeated school
4. Preserves citizenship/sportsmanship atmosphere
5. Allows awards where appropriate to be presented within a reasonable period of time
6. Protects the time schedule of tournament contests which are not the last game of the evening
7. Protects the playing surface

“All actions are to be for your school, not against your opponent!”

The Officials

There are approximately 1,500 basketball officials registered with the Kansas State High School Activities Association this year. For most, officiating is an avocation for someone who loves the sport and wishes to contribute an important service to the players, coaches and spectators involved in interscholastic activities. KSHSAA sports officials often sacrifice significant amounts of time away from their homes and families, endure criticism from fans and travel under tough conditions, all for modest fees, in order to provide this important service to the students and schools of Kansas.

The KSHSAA is committed to providing quality educational and training opportunities for our registered officials in all sports. In order to achieve consistency and uniformity in rule interpretations and officiating mechanics, the KSHSAA requires that each official annually attend a rules meeting and complete a rules exam for each sport in which they are registered. Officials also have the option for additional training by attending area supervisor meetings and clinics for their sports. The meetings and clinics provide opportunities for the officials to review the rules with their peers and continually improve upon proper officiating mechanics. All registered officials also receive National Federation rules books, case books and related study materials from the KSHSAA every year.

This year 84 officials from across the state of Kansas earn the honor of working at one of the 14 (seven girls and seven boys) state basketball tournaments. Officials for the state basketball tournaments are selected by the KSHSAA based upon recommendations from member high schools. Only officials who score above 90 percent on their rules exam and attend all of the rules/area supervisor meetings are eligible to even be considered for a postseason assignment.

KSHSAA Basketball Tournament History

The first state basketball tournament under the direction of the KSHSAA was held at Emporia State Teachers College in 1912 and was won by the Reno County High School team at Nickerson.

All teams competed in one class until 1925 when all schools with enrollments of 200 or less were placed in a new division, Class B. The first Class B tournament was held at Salina and was won by Haven High School. In 1929 and 1930 no Class B tournaments were held. The Class B teams played in the same tournaments with the Class A teams following the first round district meets. In 1931, the two-tournaments plan was re-established.

In 1941, a new division was added and the schools were divided into three classes, AA, A and B. Schools with enrollments of more than 475 were in Class AA, those between 151 and 475 were in Class A and all those whose enrollments were 150 or below were in Class B.

Beginning in 1943 and continuing through the war years, a new round of semifinal tournaments was held following the regionals. The teams in each class were reduced to four and all classes participated in the state championship tournament at the same time and place. In 1945, the schools voted to go back to the pre-war plan of three separate state tournaments of 16 teams each.

In 1952, a further reclassification took place and the schools in Class B division were divided into two classes, B and BB. Those above enrollments of 475 were in Class AA; the Class A schools were those with enrollments between 151 and 475 inclusive; Class B included those between 61 and 150, inclusive; and the Class BB included all schools whose enrollments were 60 or less.

In 1962, schools were reclassified as follows: Class AA included the 56 high schools with the largest enrollment; Class A the next 64; Class B the next 224; and Class BB the remainder.

In 1968, schools were reclassified as follows: Class AAAAA included the 16 high schools with the largest enrollment; Class AAAA the next 32; Class AAA the next 64; Class AA the next 128; and Class A the remainder. Eight teams qualified in each class for the state championship tournaments.

The first State Basketball Tournament for girls was held in 1973 with 221 member schools seeking the state titles. The schools were divided into three Classes—5-4-3A, 2A and 1A. In 1974, the Class 5A and 4A schools were combined into one class with state championships in Classes 3A, 2A and 1A conducted separately. From 1976 to 1978 there were five classes for both girls and boys. The Grand State Tournament held for girls in 1975 and 1976 and for boys in 1976 was discontinued. Effective with the 1978-79 school year, all member senior high schools were divided into six classes—6A, 5A, 4A, 3A, 2A and 1A. Class 6A included 32 high schools with the largest enrollments; Class 5A, the next 32; Class 4A, the next 64; Class 3A, the next 64; Class 2A, the next 64. For the 2011 tournament the 1A schools voted to split into two divisions based on enrollment. Division I included half the schools with higher enrollment. Division II included the remaining schools with the smaller enrollments. Class 4A schools voted to split into two divisions based on enrollment beginning with the 2014 state tournaments. Divisions I and II each had 32 schools. In 2019 the state tournaments will have six classifications, with no divisions. Class 6A includes the 36 high schools with the largest enrollments; Class 5A, the next 36; Class 4A, the next 36; Class 3A, the next 64; Class 2A, the next 64; Class 1A includes the rest of the member schools. In 2021 Class 1A will be divided into two divisions.

Annual classifications are determined by the total enrollment in the ninth, tenth, eleventh and twelfth grades as of September 20.

History of Boys State Basketball Winners

The first state basketball tournament under the direction of the KSHSAA was held at Emporia State Teachers' College in 1912 and was won by the Reno County High School team of Nickerson. Prior to that time, a statewide invitation tournament was held at the University of Kansas. This invitation tournament was started in 1908 and continued until the tournament sponsored by the state association combined with it in 1916.

All teams competed in one class until 1925, at which time all schools with enrollments of 200 or less were placed in a new division, Class B. The first Class B state championship tournament was held at Salina and was won by Haven High School. In 1929 and 1930 no Class B tournaments were held; a new plan had been instituted whereby the Class B teams played in the same tournaments with the Class A teams following the first-round district meets. In 1931, the two-tournament plan was re-established.

In 1941, a third division was added and the schools were divided into three divisions, AA, A, and B. In the AA division were schools with enrollments of more than 475; Class A included those with enrollments between 151 and 475, inclusive; and Class B included all schools with enrollments of 150 or below.

Beginning in 1942, a new round of semifinal tournaments was held following the regionals. All but four teams in each division were eliminated in the semifinals, and the remaining teams competed for the championship in the three divisions at the same place and on the same dates. In 1945, the schools voted to go back to the pre-war plan of three separate state tournaments of 16 teams each. In 1952, a fourth division, Class BB, was added to include schools with enrollments of 60 or less.

A fifth classification was added in 1969, and thereafter they were known as AAAAA, AAAA, AAA, AA and A. Class 6A was added in 1979, thereby creating the current six classes. In 2011 Class 1A voted to split into two division based on enrollment. In 2014 Class 4A voted to split into two divisions creating eight state basketball champions. Beginning in 2019, the tournaments returned to six classes. In 2021 Class 1A split into two divisions creating seven state basketball champions.

Boys State Basketball Champions

The winners of the University's invitation tournaments were:

1908—Halstead
1909—Halstead
1910—Clay County
1911—Lawrence
1912—Baldwin
1913—Reno County
1914—Lawrence
1915—Iola

The winners and locations of the official state tournaments are as follows:

SIX COMMON BASKETBALL RULES THAT ARE OFTEN MISUNDERSTOOD

DID YOU KNOW THAT...

... **there's no such thing as an "over the back" in basketball?**

A player may legally reach all the way over the top of another player and get a rebound. A foul only occurs when the player pushes or holds the player he/she is reaching over in order to gain an advantage.

So, next time we yell, "that's over the back," let's think twice.

... **when a shot goes up, the three-second count ends?**

It does not begin again until a player secures possession of the ball. During rebounding action, there cannot be a three-second violation.

So, next time we yell, "that's three-seconds," let's think twice.

... **there is also no such thing in basketball as a "reaching" foul?**

Defensive players may try to grab or steal the ball. A player who reaches around an opponent to try to get at the ball is performing a legal act, even if there is contact, as long as they do not hold or push their opponent.

So, next time we yell, "that's reaching," let's think twice.

... **walking, slang for traveling, can only be called when a player has control of the ball?**

If a player receives a pass and fumbles the ball while moving down the court, no violation has occurred. Also, a player with the ball on the ground only travels if he/she moves to gain an advantage or tries to stand.

So, next time we yell, "that's walking," let's think twice.

... **carrying or palming is really called double-dribble?**

A violation only occurs when the ball comes to a complete stop in the dribbler's hand. As long as the ball does not rest in the dribbler's hand, no violation has occurred. Similarly, a high dribble is not a violation.

So, next time we yell, "that's a carry," let's think twice.

... **fans must realize that basketball IS a contact sport?**

While rough play is not part of basketball, physical contact is. Two players going for a loose ball might collide with each other, or a defensive player might hit a screen like a brick wall. In these cases, it might look bad, but no foul occurred.

So, next time we yell, "this isn't football," let's think twice.

BE A SPORT AND SUPPORT THE PLAYERS, COACHES AND OFFICIALS IN A POSITIVE MANNER. NO ONE IS PERFECT ALL THE TIME. MISTAKES ARE PART OF HUMAN NATURE. PLEASE DISPLAY RANDOM ACTS OF KINDNESS AND GOOD SPORTSMANSHIP.

KEEP

\$10K

in your pocket.

That money comes in really handy for things like
GETTING THEIR OWN PLACE SOMEDAY.

AVERAGE COST PER YEAR

Based on 2020-21 costs for two 15-credit hour semesters.

Your student can save **nearly \$4,600**
each year on tuition & fees at BUTLER
compared to state universities.

For the first two years of college,
that's a savings of
almost \$10,000!

QUALITY EDUCATION ...
for a lot less money.

Kansas State High School Activities Association

SPORTSMANSHIP 101

PARTICIPANTS

1. Accept the responsibility and privilege of playing for your school and community.
2. Treat opponents with respect as they are your guests.
3. Exercise self-control at all times.
4. Accept both victory and defeat with pride and compassion, never being boastful or bitter.
5. Live up to the high standards of sportsmanship established by your coach.

ADMINISTRATION

1. Develop a plan to teach good sportsmanship within your school.
2. Provide appropriate supervision for each activity event.
3. Be sure parents thoroughly understand school expectations.
4. Recognize exemplary behavior and discourage undesirable conduct.
5. Develop a positive sportsmanship plan for all activities and coaches to follow.

COACHES

1. Always set a good example for your team and your fans to follow.
2. Teach good sportsmanship.
3. Develop and enforce penalties for participants who do not show good sportsmanship.
4. Treat opposing coaches, teams and their fans with respect.
5. Teach honest effort and playing by the rules.

FANS

1. Help develop a community reputation for good sportsmanship.
2. Give encouragement to athletic teams and recognition of good plays by everyone.
3. Be a role model by being positive in every manner possible.
4. Support those playing, coaching and officiating.
5. Respect the judgment and strategy of the coach.

EVERYONE

1. Show respect for the opponents at all times.
2. Show respect for the officials.
3. Know, understand and appreciate the rules of the contest.
4. Maintain self-control at all times.
5. Recognize and appreciate skill in performance regardless of the affiliation.

“ Win with
character & lose with
dignity. ”

KSHSAA State Basketball Sportsmanship Awards

KSHSAA Sportsmanship Awards are presented in the girls and boys divisions at each of the State Basketball Championship Tournaments, if judges determine schools to be worthy of the honor. The term "school" includes cheerleaders, cheering section (pep club, student body, adult followers), team and coach.

When the system began in 1970 at the boys basketball tournaments, the "final four" schools were rated according to a standard of excellence for good sportsmanship. The school to receive the highest rating received the Sportsmanship Award. The first Sportsmanship Awards for girls basketball were presented in 1975.

In 1987, the KSHSAA revised the awards system allowing all schools participating in the State Basketball Championship Tournament to be judged and rated according to a standard of excellence for good sportsmanship. The judges' criteria is published in the KSHSAA Basketball Manual, the KSHSAA Activities Journal and the State Basketball Tournament Program. Schools whose teams are defeated in the first round of the tournament are eligible to receive a certificate if they meet the qualifying standards of sportsmanship.

A rating of 61 or more points (out of a possible 72; 85%) entitles the school to a sportsmanship certificate. The four teams participating in the entire tournament who achieve a total of 184 rating points (out of a possible 216; 85%) receive a plaque for the school and medals for the cheerleaders.

Your home-field advantage starts here.

Whether you're an area athlete or a weekend warrior, Salina Regional Orthopedic and Sports Medicine has everything you need to get you back in the game—and keep you in the game.

Orthopedic surgeons Dr. Timothy Hawkes and Dr. Travis Rump, and sports medicine physician Dr. Matthew Pyle lead an A-team of certified athletic trainers and physical therapists who work with athletes of every level—including five area high schools and three area colleges—to help prevent injuries, enhance performance, or heal through surgery and rehabilitation.

At the school, on the field or in our clinic, Salina Regional Orthopedic and Sports Medicine is ready whenever and wherever you need us.

The physical therapy and athletic training you need for the home-field advantage.

Timothy Hawkes, D.O.
Orthopedic and Sports Medicine Surgeon

Travis Rump, D.O.
Orthopedic Surgeon

Matthew Pyle, D.O.
Sports Medicine Physician
