## **CONGRATULATIONS ON A COMPLETE SEASON OF HIGH SCHOOL BOWLING**

As we wrap up our 17<sup>th</sup> season of KSHSAA High School Bowling, the KSHSAA would like to extend a big thanks to coaches, bowlers, proprietors, school administrators and others who made it possible for us to have a complete season in the midst of a national pandemic. By practicing social distancing when possible, wearing masks and following other risk mitigation policies, we are excited that our bowlers could have this wonderful experience. Thanks to all for a job well done!

While we regret that spectator limitations were in place during the season and at the state tournaments, it did allow our student athletes the opportunity to have a healthy and complete season. We look forward to your continued support of high school bowling.

## **THANKS FOR THE OPPORTUNITY**

It has been an honor and privilege to serve as the KSHSAA administrator for high school bowling the past 17 years. Education based activities are an exciting part of the high school experience and teach so many valuable life lessons. I have enjoyed the opportunity to work with coaches, proprietors and administrators across the state. As a team, I believe we have made a difference in many lives.

I wish you all the best for continued success with Kansas high school bowling.
