

GOLF ANNOUNCEMENTS – 10/5/2023

Regional Entries

Entries will be done the same way as in years past. Schools will fill out GLF-1 form online by October 5th. From there the regional host will use their KSHSAA login to view the entries to put into the Kansas Golf Scores System. Golf coaches and administrators can fill out GLF-1.

Many league tournaments wrap up today so managers may need to be patient for the GLF-1 to be determined.

While we do not have a qualifying standard for regionals, schools should verify the varsity caliber golfers are sent to regionals.

Qualifiers

The top four teams and the next six individuals not on a qualifying team will qualify for state.

To qualify for the second day of state, we take the top six teams and the next 18 individuals or 54 total golfers plus ties.

Local Rule

The local rule for lost ball and out of bounds will be used for the girls postseason including regionals and state.

Circle 12 Rule

We do utilize the circle 12 rule for postseason. Players may opt to take a circle 12 however it will eliminate them from individual medal contention. Their score does count towards a team score and does count toward qualifying as an individual.

Coach Meeting for State

The coaches meeting will be Sunday evening on Zoom with the golf course leadership and KSHSAA rep.

3-1A: 6:30 pm

4A: 7:00 pm

5A: 7:30 pm

6A: 8:00 pm

Invitations to the meeting will be emailed next week to the qualifiers.

Spectators

Reminder that the spectator rules have changed. Coaches help communicate to your spectators that they are to stay even with the group to the side. Staying behind the group slows play.
