Officer/Board Elections

Have you made plans for your officer/board member elections for the 2023-2024 school year? As was discussed with sponsors at Unit Conferences, there is no one way to elect or appoint officers and board members. Each club needs to decide what works best for them and then proceed accordingly. Here is a link to the "Statement of Intention" form located on our KAY website. This form is helpful in making sure the students know and understand the responsibilities of their role moving forward.
