KLC 2024

Kays Leadership Camp, Rock Springs

2024 KLC was one of the best yet! All Kays who attended made countless strong connections. The atmosphere is unbelievably positive, making it hard to leave. Area 3 grew closer and worked together to prepare for the school year and area project theme. Personally, KLC has been a journey of building a stronger relationship with this amazing organization and the people it holds. My advice I give you "GO TO KLC NEXT YEAR! It will have nothing but a positive impact on you!"

THANK YOU AREA 3

Dear Area 3,

Thank you for being a major part of my life. Freshman year I wasn't as courageous, confident, and driven as I am today. This is because of the day I was elected and trusted to be your 2024-2025 Area President. I'm sad that it's slowly coming to an end but the memories I've made will last forever.

With this being said I can't wait to pass Area 3 President on to another deserving KAY, so this area can have a big impact on their life just as it did mine.

Thank you, once a KAY always a KAY.

~ Yours Sincerely

Morgan L. Allen <3

RYAN'S RADICAL Riptide

KLC 2024

KLC was such a blast! If only I had more time to experience it as a camper. For those of you that have been to camp you know what I am talking about. When you first get there you aren't really sure about it, but then the second it gets going you don't want to leave. If you have never been ... it is a must!!! You won't regret it and you are going to wish that you had decided to go years earlier.

Goodbye and Farewell

It has been such an honor and privilege to serve as your area 4 president! Every moment has been such a blast and seeing people develop leadership skills from a different point of view is awesome! Also it's been a great time meeting and hanging out with my fellow area presidents!

Regional Conference

Regional conference will be held at Logan High School Friday, November 15th. Conferences are really fun and are like a mini camp for those of you that have been! There will be guest speakers and breakout sessions in which you can talk to people from other schools to bring ideas back to your own club. You can go to the KSHSAA website for more information on regional conferences. The theme is "Waves of Service". We will also do our area service project as well.

Being and Becoming

Being area president is such a blast! You get to meet up with really great people from all over the state and try to come up with ideas to make everyone's experience better. I highly recommend running for area president as it will make you an even better leader than before and it will greatly increase your networking. Also if I forgot to say it is super fun! If you are interested in running for area president talk to your sponsor. Sponsors must reach out at least 10 days prior to regional conference to declare a nominee.

Thank You "

Being Area 5 President has been an amazing experience. I was so nervous last November, but now I'm proud of all we've accomplished together. Our achievements at KLC, the success of our Area Project, and the dedication of each member have been incredible. KAY has been a tremendous support and inspiration for me. As I hand over the role, I want to say thank you and encourage you all to savor every moment with KAY. The memories and friendships you make are truly invaluable.

KLC Reflection

Regional Conference 2024 @ Meade High School, November 7th

This organization and camp have deeply impacted my life. In a short time, I've grown and learned so much. Leading area five at KLC has been an

amazing experience. Thanks to the wonderful campers who have worked with me and each other to achieve our goal. Our Area Five Project, "Service Those Who Service Us: Focusing on the Appreciation of Healthcare Workers," is a cause we carefully chose, and I'm excited to see the impact we all make across our independent communities. I'm eager to see what our area will create next year and how we'll continue to make a difference. This journey has been inspiring, and I look forward to the positive impact we'll create together.
