KANSAS ASSOCIATION FOR YOUTH

ISSUE NO.1

AREA 1

Hello Area One!

My name is Emma Johnson and I am a junior at Paola High school. I am currently the president of our KAY club and am overjoyed to have the opportunity to serve as your area president! In school I am involved in cross country, the swim team and drama. Outside of school I enjoy reading, cooking, hanging out with my friends and family and finding ways to better serve my community.

Spring Project Ideas

- Deliver May Day baskets to teachers, office staff, and custodians.
- Organize an Earth Day clean up for a local park.
- Conduct a pen-pal exchange program with an elementary school class.
- Organize a park and play for younger students to play outside

Our theme for this summer is "The Power of One!" I am so excited for what KAY clubs will do with it. One person can make a difference and everyone should try! You are one individual capable of so many things. I can't wait to see what you will do!

Reasons To Join KAY

KAY is a great source for people to get involved in school. KAY has allowed me to build new relationships with people I would have never met. I have gained multiple skills from KAY. I have been so involved with my community because of KAY. I have been able to help my school organize events for people to come together.

1

KAY allows students to get involved at school and meet new people!

2

RELATIONSHIPS

Students are able to build new relationships with people they might not get to through class
