

## Week 5 – September 12, 2022

### Regional Tennis Assignments

I truly appreciate everyone's patience in waiting for the regional assignments to post. Hopefully as more communities continue to add tennis facilities the ability for more schools to host will increase. Thank you to those schools that are allowing other districts to host at their site. Here is the link to the regional tennis assignments. <https://www.kshsaa.org/Public/Tennis/GirlsAssignments.cfm>

### Coaching Opportunities

On page 21 of the Tennis Manual, under Time Issues #3, here is the clarification on when coaches are allowed to coach.

- b. Changing ends = 90 seconds max
- c. End of a set = 2 minutes max
- d. Split sets = 10 minutes max (shorter if players agree)
- e. Before tiebreak = 90 seconds max (6-all or 8-all pro set)
- f. Before super tiebreak = 2 minutes max

All times listed above must be adhered to by the one (1) coach that is salaried by the school.

### Win/Loss Records

Coaches are expected to record the competition information for their players. The KSHSAA has a link on the front right-hand side page of the tennis page to record this online information. Be sure to record results for all regular season competition as well as regional and state competition at the end of the season. Results are archived at this location from previous years.
